

# NEMOPHILIST ECONUTS FOR GREEN PLANET

**A TABOO GAME FOR**

**EDUCATION AND FUN**

SAY IT WITHOUT SAYING IT:

"Say It Without Saying It" is a classic word game that can be a fantastic tool for learning and entertainment.

THE CONCEPT:

Players are given a word or phrase, but it is forbidden to use the "taboo" words. They must describe the target word without using any of the taboo words.

# HOW TO PLAY

- **Divide into teams:** 2–4 players per team is ideal.
- **Choose a card:** Each card contains a target word and a list of taboo words.

- **Set a timer:** Give teams a time limit to guess the word.
- **Describe:** One player from each team describes the target word to their teammates without using any of the taboo words.

- **Guess:** Teammates try to guess the target word within the time limit.
- **Scoring:** Award points for successful guesses.
